Dear Ms. Shavolian,

Thank you for your continued support of the Kips Bay Boys & Girls Club. In gratitude, I would like to share our latest annual report.

Inside you will find a summary of our most recent financials; but more importantly, you will see highlights of the diverse and relevant programs that are made possible because of generous supporters like you.

In addition to our nationally recognized youth development programs, we offer a safe haven with caring and compassionate staff. A place where youth can receive a warm meal and positive adult interaction. We know the dangers that exist when youngsters do not have a safe and positive place to attend. Thank you for partnering with us to fulfill our mission to enrich the quality of life for all young people.

All of us at "The Bay" hope this report will make you proud of your association with us.

Thank you, thank you!

With all good wishes,

Daniel Quintero
Executive Director
