

SHELTER ROCK DEVELOPERS CELEBRATE 6TH ANNUAL THANKSGIVING TURKEY GIVEAWAY

Bronx Borough President Ruben Diaz Jr., New York State Assemblyman Carl E. Heastie, and Community Board Leader Carmen Rosa Attend Giveaway

December 2nd, 2012 – Shelter Rock Developers' 6th Annual Thanksgiving Turkey Giveaway featured notable guests such as Bronx Borough President Ruben Diaz Jr., New York State Assemblyman for the 83rd District Carl E. Heastie, and Community Board leader Carmen Rosa.

The annual turkey giveaway, which Shelter Rock Developers began in 2006, has become one of the community's best-loved events. Turkeys are distributed on a first-come, first-serve basis (one per family). Over 400 turkeys were given away this year - 200 of them at Baychester Villas on Ely Avenue in the Bronx that Shelter Rock Builders developed and 200 at various locations in Brooklyn

"We want to insure that every Bronx and Brooklyn family has a healthy and happy Thanksgiving," said Ben Shavolian, Owner, Developer and General Contractor for Shelter Rock Developers LLC. "We love seeing the look of joy on people's faces as they get a fresh, free turkey for their Thanksgiving dinner. This year, in the wake of Hurricane Sandy, people are in greater need of a helping hand than ever before. We are proud to be a part of this community, and we are privileged to give back to the people of the Bronx and Brooklyn, who are so resilient. We applaud Bronx Borough President Ruben Diaz Jr., New York State Assemblyman Carl E. Heastie, and Community Board leader Carmen Rosa for taking part in this celebration and for showing that together the people of the Bronx and Brooklyn can accomplish anything, even in difficult economic times."
